Re: Josh Moyer

July 17, 2018

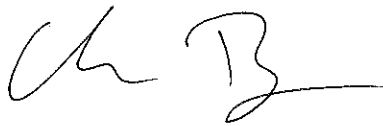

Dear Sir or Madam,

This note is in regards to Josh Moyer, who worked as a contractor on assignment with Google Cloud Support.

During his tenure, I was the local point of contact for our contracting engagements. As part of that role, I reviewed cases handled by onsite contractors. Josh handled cases with technical acumen, providing specialized support in both Windows and Stackdriver cases, as well as the general system administration and networking cases the group handled. His communication skills were especially valued - he communicated clearly and with care.

I enjoyed the experience of working with Josh, and would recommend him to any team that values communication and technical expertise.

Kind regards,
